Dedication

It is with great sadness that we note the passing of treasured Lantern members during the past year. The sympathy of everyone within the Lantern Society and the United Way is extended to the families of these most generous individuals:

Frances Charlton

A message of appreciation . . .

We are very grateful for the leadership commitment of the members of our *Lantern Society* and our *Tocqueville Society*.

As a leadership donor to our United Way in 2007-2008, whether your gift was to our Annual Campaign or to our Endowment Fund, your investment in our community has helped to make a difference in the lives of many children, elderly and entire families in Greater Fall River.

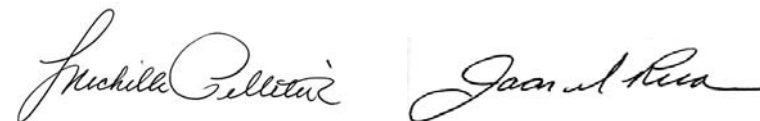

Your trust in the United Way "process" of a comprehensive, volunteer-driven review of our member and affiliate agencies, assures you that your gifts are reaching programs and services that improve the lives of many people in our community.

While our 2007 Annual Campaign was a major challenge for volunteers and staff, with local economic issues causing a sharp reduction in available funding for the needs in our community, there was good news. New leadership donors joined our ranks to help make the campaign a success.

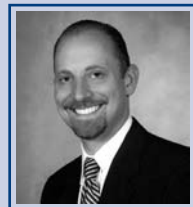

It is important to note that the funding news would have been devastating if not for the generous support of our leadership donors. With gifts ranging from our *Bay State* level of \$600 to the *Tocqueville Society* commitments from the Rodgers Family Foundation at \$125,000 and the Charlton Charitable Trusts at \$50,000, we were able to minimize reductions in funding for the core of health and human service organizations that make up the United Way family. Leadership gifts that allow our agency leaders to do good things for people in need.

You were there for us. Thank you for your leadership role in another successful year for our *Lantern Society* and our nationally-recognized *Tocqueville Society*.

With sincere thanks,

*Michelle Pelletier
Lantern Society Chair*

*Jason M. Rua
Chairman of the Board*
